THE RT. HON. SPEAKER OF PARLIAMENT

I have audited the accompanying financial statements of Buvuma Town council for the year ended 30th June, 2014. These financial statements comprise of the statement of financial position as at 30th June, 2014, statement of financial performance, statement of changes in Equity, cash flow statement together with other accompanying statements, notes and accounting policies.

Management's Responsibility for the Financial Statements

Under Article 164 of the constitution of the Republic of Uganda, 1995, and section 65 and 86 of the Local Government Act 1997 (as amended), the Accounting Officer is accountable to Parliament for the funds and resources of Buvuma Town Council. The Accounting Officer is also responsible for the preparation of financial statements in accordance with the requirements of the Local Governments Financial and Accountability Manual, 2007, and for such internal control as management deems necessary to enable the preparation of financial statements that are free from material misstatement whether due to fraud or error.

Auditor's Responsibility

My responsibility as required by Article 163 of the Constitution of the Republic of Uganda, Section 87 of the Local Governments Act and Sections 13, 16 and 19 of the National Audit Act, 2008 is to express an opinion on these statements based on my audit. I conducted the audit in accordance with International Standards on Auditing (ISA)/International Standards of Supreme Audit Institutions (ISSAIs). Those standards require that I comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing audit procedures to obtain evidence about the amounts and disclosures in the financial statements as well as evidence supporting compliance with relevant laws and regulations. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation of financial statements in order to

design audit procedures that are appropriate in the circumstances but not for purposes of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Part "A" of this report sets out my unqualified opinion on the financial statements. Part "B" which forms an integral part of this report presents in detail, all the significant audit findings made during the audit which have been brought to the attention of management.

PART "A"

5.0 DETAILED AUDIT FINDING

This section outlines the detailed audit finding, management response thereof and my recommendation.

5.1 Stalled Project

A local firm was awarded a contract for the construction of a Health Centre II at Buyego Cell under Contract Reference No.Buvu590/Wrks/13-14/00017 at a contract price of UGX.85,065,000. The construction work commenced on 17th February 2014 and the estimated completion date was 17th August 2014. At the time of audit in August 2014, the contractor had been paid UGX.12,421,956 but the project had stalled at window level as shown below.

Stalled project

The Accounting Officer explained that the contractor delayed the works and several reminders had not yielded any results. He further stated that management had started on the process of terminating the contract since the contractor had proved to be incompetent.

I advised the Accounting Officer to take the necessary action and ensure that the project is completed.
