**REPORT OF THE AUDITOR GENERAL ON THE AUDIT OF FINANCIAL STATEMENTS OF
UGANDA CONSULATE GUANGZHOU, FOR THE YEAR ENDED 30TH JUNE, 2018
AND COMPLIANCE MATTERS**

THE RT. HON. SPEAKER OF PARLIAMENT

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

I have audited the accompanying financial statements of Uganda Consulate Guangzhou, for the year ended 30th June 2018. These financial statements comprise the Statement of Financial Position as at 30th June 2018, the Statement of Financial Performance, Statement of Changes in Equity and Statement of Cash Flows for the period then ended, accompanying schedules and a summary of significant accounting policies and other explanatory notes.

In my opinion, the financial statements of Uganda Consulate Guangzhou, for the year ended 30th June 2018 are prepared, in all material respects, in accordance with the Public Finance Management Act (PFMA), 2015, and the Financial Reporting Guide, 2008.

Basis of Opinion

I conducted my audit in accordance with International Standards of Supreme Audit Institutions (ISSAIs). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Consulate in accordance with the Constitution of the Republic of Uganda (1995) as amended, the National Audit Act (NAA), 2008, the International Organization of Supreme Audit Institutions (INTOSAI) Code of Ethics, the International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (Parts A and B) (IESBA Code), and other independence requirements applicable to performing audits of Financial Statements in Uganda. I have fulfilled my other ethical responsibilities in accordance with the IESBA Code, and in accordance with other ethical requirements applicable to performing audits in Uganda. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, were of most significance in my audit of the financial statements of the current period.

I have determined that there are no other key audit matters to communicate in my report.

Other Information

The Accounting Officer is responsible for the other information. The other information comprises the statement of responsibilities of the Accounting Officer and the commentaries by the Head of Accounts and the Accounting Officer. The other information does not include the financial statements and my auditors' report thereon.

My opinion on the financial statements does not cover the other information and I do not express an audit opinion or any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially consistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Management Responsibilities for the Financial Statements

The Accounting Officer is responsible for the preparation and fair presentation of these financial statements in accordance with the Public Finance Management Act (PFMA), 2015, and the Financial Reporting Guide, 2008, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, the Accounting Officer is responsible for assessing the Consulate's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless the Consulate management either intend to liquidate the Consulate or to cease operations, or have no realistic alternative but to do so.

Auditor General's Responsibilities for the audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement, when it exists. Misstatements can arise from fraud or error and are

considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users, taken on the basis of these financial statements.

As part of an audit in accordance with ISSAIs, I exercise professional judgement and maintain professional scepticism throughout the audit. I also;

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Consulate's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Accounting Officer's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Consulate's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Consulate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the Accounting Officer regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide the Accounting Officer with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with the Accounting Officer, I determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Reporting Responsibilities

In accordance with Section 19(1) of the National Audit Act, 2008, I report to you, based on my work described on the audit of Financial Statements, that;

- Except for the matters raised in compliance with legislation section below, and whose effect has been considered in forming my opinion on financial statements, the activities, financial transactions and information reflected in the financial statements that have come to my notice during the audit, are in all material respects, in compliance with the authorities which govern them.

REPORT ON THE AUDIT OF COMPLIANCE WITH LEGISLATION

In accordance with Section 13 of the NAA 2008, I have a responsibility to report material findings on the compliance of Uganda Consulate Guangzhou with specific matters in key legislations. I performed procedures to identify findings but not to gather evidence to express assurance.

The material findings in respect of the compliance criteria for the applicable subject matters are as follows;

- **Excess Expenditure**

Regulation 18, of the Public Finance Management Regulations 2015, specifies that where in respect of any financial year (a) the amount appropriated by the Appropriation Act is insufficient, or a need for expenditure for a purpose for which no amount is

appropriated by the Appropriation Act arises; or (b) money is expended for any purpose in excess of the amount appropriated for that purpose or for a purpose for which no amount was appropriated by the Appropriation Act, a supplementary estimate, showing the amount required or spent, as the case may be, shall be laid before Parliament, and in the case of excess expenditure, within four months after the money is spent.

A review of the Appropriation Statements for the year revealed that actual expenditure of UGX.4,221,912,805 during the year under review exceeded the actual revenue of UGX.3,844,717,999 by UGX.345,034,591. The Accounting Officer explained that the excess amount was obtained from unspent balances from the previous year, to cater for the consultancy contract for construction of the consulate building as well as residence, which had been provided for and funds released in the previous year. A copy of the letter to Treasury dated 29th November 2017 ref: UCG/FIN/01, in this regard was provided to me. However, I did not obtain evidence of any action taken by the Ministry of Finance, Planning and Economic Development (MoFPED) in this regard. Under the circumstances, the excess amount remained unauthorised.

I advised the Accounting Officer to always ensure that such requests to MoFPED for excess expenditure are followed up until a final position is established in line with the requirements under the Regulations.

- **Budgeting and Strategic Planning for the Mission**

The National Planning Framework requires government entities to have long term strategic plans that are aligned to the National Development Plan (NDP), which are meant to provide them with strategic direction as they implement their mandate.

During the audit, I was availed copies of the draft strategic plan for the period 2017/18 to 2019/2020 and mission charter that guided the Mission activities during the year under review. I however observed that the strategic plan has been in draft form since the previous year 2016/17 and has not been approved, yet it was meant to be implemented over the period 2017/18 to 2019/2020. This implies that almost half of the lifetime of the plan has been completed before its approval. Failure to have an approved strategy may lead to implementation of activities that may not be aligned to the NDP.

The Accounting Officer regretted the status quo and indicated that in October 2018, the Consulate participated in a capacity building workshop jointly organized by Ministry of

Foreign Affairs (MoFA) and NPA, aimed at equipping and facilitating Officers at Missions abroad with skills to finalise the Plan. Indeed, the Consulate has revised its Draft Strategic Plan and re-submitted for final review and approval.

The Accounting Officer is advised to liaise with MoFA with a view of expediting the process of approval of the Mission Strategic Plan.
