**REPORT OF THE AUDITOR GENERAL ON THE FINANCIAL STATEMENTS OF
HOIMA-KINYARA-KAFU TRANSMISSION LINE PROJECT FOR THE YEAR FINANCIAL
ENDED 30TH JUNE 2018**

THE RT. HON. SPEAKER OF PARLIAMENT

REPORT ON THE FINANCIAL STATEMENTS

Opinion

I have audited the accompanying financial statements of Hoima-kinyara-Kafu Transmission line Project for the year ended 30th June 2018. These financial statements comprise of Statement of Receipts and Payments, Notes to the Statement of Receipts and Expenditure, Counterpart Funds Received and Assets Register.

In my opinion, the financial statements of Hoima-kinyara-Kafu Transmission line Project for the year ended 30th June 2018 are prepared, in all material respects, in accordance with the cash basis of Accounting to the financial statements and in conformity with UETCL's accounting and financial reporting policies.

Basis of Opinion

I conducted my audit in accordance with International Standards of Supreme Audit Institutions (ISSAIs). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement's section of my report. I am independent of the project in accordance with the Constitution of the Republic of Uganda (1995) as amended, the National Audit Act, 2008, the International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (Parts A and B) (IESBA Code), the International Organization of Supreme Audit Institutions (INTOSAI) Code of Ethics and other independence requirements applicable to performing audits of Financial Statements in Uganda. I have fulfilled my other ethical responsibilities in accordance with the IESBA Code, and in accordance with other ethical requirements applicable to performing audits in Uganda. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in my audit of the financial statements of the current period. I have determined that there are no key audit matters to communicate in my report.

Other Matter

I consider it necessary to communicate the following matters other than those presented or disclosed in the financial statements:

- **Unspent Funds**

Review of the financial statements indicated that the project received funds amounting to USD.3,145,737.45 (UGX.10,022,478,333). It was however noted that at the end of the year, USD.1,667,734 (UGX.6,470,392,681) remained unspent under the Resettlement Action Plan account.

This was attributed to delay in the completion of activities under the Resettlement Action Plan.

There is a risk of delayed or non-implementation of planned activities.

Management attributed the unspent funds to the RAP implementation of the Hoima-Kafu section that is planned to be undertaken after the completion of the Hoima-kinyara section.

I advised management to expedite the activities under the Resettlement action Plan (RAP), especially on the Hoima-kinyara-Kafu section.

- **Outstanding compensations to Project Affected Persons (PAPs)**

The UETCL financial policies and procedures manual Sec. 12.6.1 states that, before any project can commence, UETCL must first acquire the corridors and or sites required for the project, ensuring all occupants are adequately compensated and or resettled and have effectively vacated these sites.

It was however noted that by the end of June 2018, that out of 508 PAPs 260 (51%) had been compensated leaving 248 (49%) PAPs pending compensation. The number of contacted persons due to disclosures were 432(85%), Agreements obtained from disclosures were 323(63%), while disputes arising from disclosures were 110(22%).

Delays in completing compensations are attributed to absentee landlords, unknown land owners and rejection of valuations by land owners among other causes.

Delayed compensation of PAPs creates avenues for contesting of valuations due to inflationary tendencies that arise with time thus escalating the value of the land.

I advised management to expedite the process of contacting PAPs and obtaining agreements from disclosures. Additionally, management should follow up cases of disputes with the Chief Government Valuer to enable prompt implementation of the project.

Other Information

The Accounting Officer is responsible for the other information. The other information comprises the statement of responsibilities of the Accounting Officer and the commentaries by the Head of Accounts and the Accounting Officer, and other supplementary information. The other information does not include the financial statements and my auditors' report thereon.

My opinion on the financial statements does not cover the other information and I do not express an audit opinion or any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially consistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information; I am required to report that fact. I have nothing to report in this regard.

Responsibilities of the Accounting Officer for the Financial Statements

Under Article 164 of the Constitution of the Republic of Uganda, 1995 (as amended) and Section 45 of the Public Finance Management Act, 2015, the Accounting Officer is accountable to Parliament for the funds and resources of the Hoima-kinyara-Kafu project.

The Accounting Officer is also responsible for the preparation of financial statements in accordance with the basis of accounting set out in note 4.2.1 (c) to the financial statements and in conformity with the donor reporting guidelines and terms and conditions, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, the Accounting Officer is responsible for assessing the project's ability to continue delivering its mandate, disclosing, as applicable, matters related to affecting the delivery of the mandate of the Hoima-kinyara-Kafu project, and using the donor reporting guidelines unless the Accounting Officer has a realistic alternative to the contrary.

The Accounting Officer is responsible for overseeing the Project's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISSAIs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Project's ability to deliver its mandate. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Hoima-Kafu Project to fail to deliver its mandate.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the Accounting Officer regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide the Accounting Officer with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with him/her all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with the Accounting Officer, I determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Reporting Responsibilities

In accordance with sections 19(1) of the National Audit Act, 2008, I report to you, based on my work described on the audit of Financial Statements that the activities, financial transactions and information reflected in the financial statements that have come to my notice during the audit, are in all material respects, in compliance with the authorities which govern them.

A handwritten signature in black ink, appearing to read 'J. Muwanga', with a large, sweeping flourish extending to the right.

John F.S. Muwanga
AUDITOR GENERAL
